PRODUCT

ACIDIC DETERGENT (L7104)

CHARACTERISTICS

LEVANTE ACIDIC DETERGENT is an intense detergent, capable of completely removing dirt and the toughest stains.

LEVANTE ACIDIC DETERGENT is a product based on organic acids and surfactants, capable of completely removing dirt and of restoring time-worn and weathered surfaces. Ideal to remove salt deposits and rust stains from hulls.

Particularly suitable for wood, as valuable as teak, it can rejuvenate plastic, fiberglass, rubber, stoneware, earthenware, iron, steel, aluminum and glass. Its ability to clean even within porous materials is ensured by the combined action of acids and sequestering agents, while the presence of surfactants even removes old and persistent stains. After treating the surface with LEVANTE ACIDIC DETERGENT, this is as good as new.

TECHNICAL DATA

Specific gravity	1150 ± 10 g/l	(MI 001)
Color	Colorless, transparent	
Packaging		

STORAGE

Keep the container well closed and stored in a cool (temperature below 25°C) and ventilated environment for a maximum period of 12 months from the date of production marked on the tin. Avoid direct sun exposure.

SAFETY

During application and drying time ventilate the room. We recommend the use of the appropriate PPE during application. Before starting work, read the safety instructions.

APPLICATION

- Use LEVANTE Acidic DETERGENT pure for particularly tough stains, or more or less diluted with water, depending on the kind of dirt to be removed;
- Apply LEVANTE Acidic DETERGENT acting on the surface to be cleaned with an abrasive kitchen sponge or with a stiff bristle brush;
- Repeat until thoroughly clean;
- Rinse well with water and let completely dry;
- After treating wood, it is best to apply LEVANTE Teak Oil.

Application

Sponge or brush

Dilution

With water from 1 :1 to 1 :10

Theoretical yield

10 m²/l

(MI 014)

ADDITIONAL INFORMATION

Worn teak treated first with LEVANTE Acidic DETERGENT and then with TEAK OIL LEVANTE for wood: the surface appears completely renovated.

Metal clamp treated with LEVANTE Acidic DETERGENT descaled and completely renovated.
