PRODUCT

MAX CREAM FOR CAR

FEATURES

MAX CREAM FOR CAR is prepared with selected waxes ideal to protect and polish, once applied. It doesn't contain any abrasive, so it doesn't scratch. Its formula, water based, is solvent free, completely odorless both opening can and during its application. Kept in a cool place it is guaranteed one year as from production date.

TECHNICAL DATASHEETS

Specific weight	950 ± 20g/l	(MI 001)
Color	White	

STORAGE

Keep the container well closed and stored in a cool (temperature below 25°C) and ventilated environment for a maximum period of 12 months from the date of production marked on the tin. Avoid direct sun exposure.

SAFETY RULES

Keep the room ventilated during application and drying processes. During application, the use of personal protective equipment is recommended. Read carefully the safety data sheet before application.

APPLICATION

- Make sure that the surfaces to be treated are completely dry and clean;
- Apply the right quantity of Max cream onto the surface to be treated, stretch it with its own sponge supplied or use an angle grinder, circular way;
- After a few minutes, when the surface is dry, polish it with a clean cloth;
- Don't apply under direct sun or at high temperature (over 30°C).
- Max Cream doesn't need to be diluted, don't apply on wet surfaces. Thanks to its water based formula it can be applied on plastic surfaces provided they are not very porous.
