## TECHNICAL DATA SHEET

Review 003, 05/2016

Page 1 di 1

### PRODUCT

STRONG (M51118)

### FEATURES

STRONG is a highly alkalyn liquid wax remover which can be diluted into water throughly. It is suitable even for thick and hard copolymer waxes; harmless to rubber, plastic and hard surfaces like marble, granit or painted surfaces.

It is specifically made to remove old protective copolymer waxes.

### TECHNICAL DATA SHEET

Specific weight	1036 ± 10 g/l	(MI 001)
Physical state	liquid	
Color	Yellow verging on orange	
pH	14	(MI 022)
Water solubility	Complete	

### STORAGE

Keep the container well closed and stored in a cool (temperature below 25°C) and ventilated environment for a maximum period of 12 months from the date of production marked on the tin. Avoid direct sun exposure.

### SAFETY RULES

Keep the place ventilated while you apply the product and while it dries. It is recommended the use of personal protective equipment during application. Read carefully the safety data sheet before application.

### APPLICATION

- Dilute 1 part of the product in 2/3 parts of water in a mixing ratio that varies according to the thickness and hardness of the wax;
- Apply it by a sprayer cold jet or by steam with a water cleaning machine;
- Allow to react for few minutes then rinse with cold water cleaning machine.
- In case of delicate or darker surfaces, increase dilution and reduce contact time.
- Wash with shampoo.
